Mariposa Nails
~

Located in New Jersey, Mariposa Nails is an indie nail polish brand that ships internationally.

Mariposa Nails was founded to inspire creativity.

Specializing in super pigmented 7-free vegan and cruelty-free formulas, our special effect polishes, including our multichrome formula, holographic polishes, and metallics, are perfect for stamping and opaque in one coat.

Nails are a form of personal expression for women around the world. From high quality brushes for free handing to innovative stamping plates with images that work on any nail length, our mission is to make it easy and affordable to create art on ten small canvases.
